

This File Should Be Opened with  
Adobe Reader (Free Version) -  
Read More Below.

This editable PDF only works if you open it in **Adobe Reader**.

**Do you have Adobe Reader on your computer?**

- If not, you must download and install that program before the document will format correctly.
- Search in Google for "Adobe Reader Free Download" and download the program. (Or just [Click here](#) to go directly to the Free Adobe Reader download page).
- Be sure to restart your computer before you try to open this file again.

**You have Adobe installed BUT you are still not able to get the documents to format correctly, do this:**

- The file is most likely not opening in Adobe.
- Find the file on your computer - Check your "Downloads" Folder OR whichever folder you saved the file to.
- Right click the file and select **OPEN WITH**.
- If your Adobe program is listed there, select it.
- If your Adobe program is not listed there, select OTHER. Go to your Applications and select you Adobe or Acrobat program.
- You will only need to do this once and your computer will remember to open the PDF in that program from now on. Hopefully, the rest of your documents will open this way too!

**\*\*** You may also want to try updating your Adobe. If you do this, run the updates and restart your computer.

If you are still unable to get your document working, please email me at [Jeannie@CraftingJeannie.com](mailto:Jeannie@CraftingJeannie.com) and I will be happy to help you get it working.
