Letter Reversal

Letter reversal is a common struggle with children between the ages of 3 and 7. It's easy to see how kids can confuse the letters b, d, p and q. Use these pages to help your children practice distinguishing between these letters.

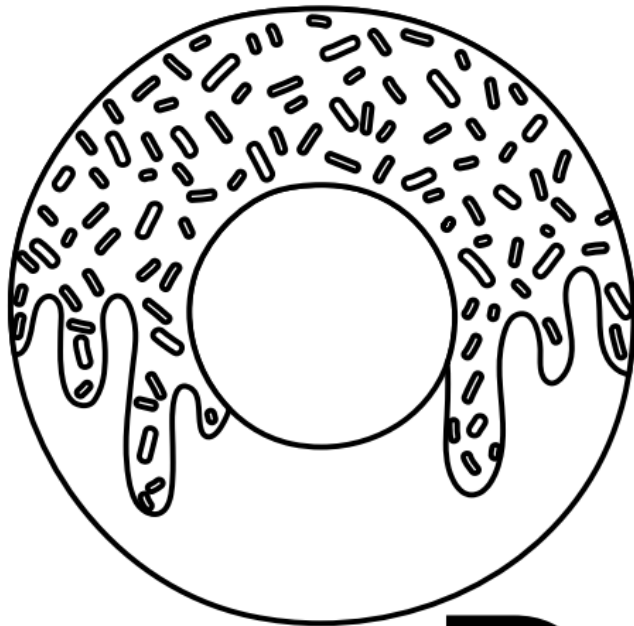

Letter cards will show them how each capital and lower case letter looks. Also included are two pages to demonstrate "hand helpers" for the letters b and d

Next, are multiple pages of extra letter practice for these four confusing lower-case letters.
